NATIONAL SPACE SCIENCE SYMPOSIUM

PHYSICAL RESEARCH LABORATORY

March 11 - 14, 1992

It is to certify that the paper entitled
*Force free magnetic fields may
have a "loss of equilibrium"*
by *Lalan Prasad*
of *Univ. of Gorakhpur, Gorakhpur*
was awarded the *Second Prize* for the

Upper Atmospheric Sciences.

The present book deals about the fundamental and natural properties of the Sun and their prospective features in a very simple manner. Readers of this book will enjoy a lot by knowing the facts about the Sun and their environment. In chapter 3 onward there are given some relevant published research papers to provide the motivations among the younger scientists in the field of Solar Physics. Definitely this book will prove as the boon for the young mind in the field of Solar Physics. The Author is thankful to the hardworking team of Lambert Publishing for their opportunity to publish this book. A special thanks to Editor Madam Natalia Sinitin for the compilation and encouragements.

LALAN PRASAD (VERMA)

PROSPERITY OF THE SUN IN RESPECT OF RESEARCH

THE SUN AND ITS ENVIRONMENT

Dr. Lalan Prasad Verma is a Professor and Head, Dept of Physics, Govt. PG College, Berinag, Pithoragarh, Uttarakhand, India. He is deeply engaged in research from the last 30 years and produced 13 PhD under his supervision. He published 79 research papers and 7 articles for public interest in the journals of National and International repute.
